

## Speaker Series (Interview Breakthrough)

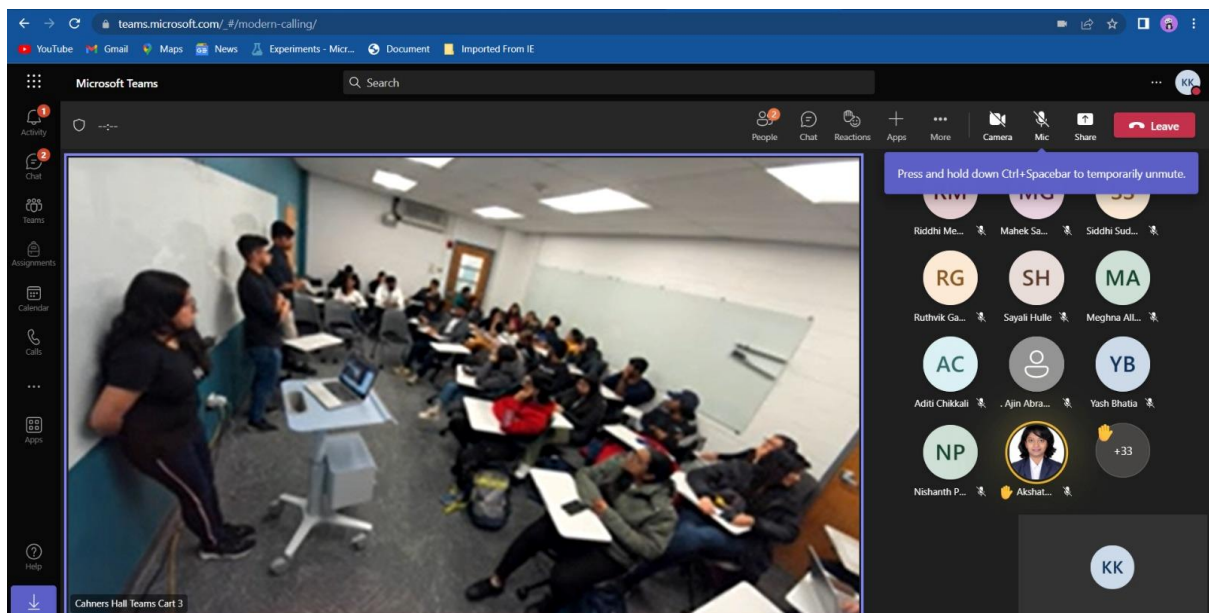

**Speaker Name:** Dinesh Reddy Potlapati and Mridul Regmi

**Date of the event–** 29/11/2022

The Summary points

To make the CV appropriate for the job for a particular organisation, you must make changes. Concentrate solely on real-world tasks as this will assist you in the interview process. Consider including a real-time project on your CV. Focus entirely on Useful and real-world duties as doing so will benefit you in the interview process.

To fully understand the work that the company conducts and whether it will be beneficial to you, you should always thoroughly research and background-check the organization for which you are applying. You should practice leet coding because it will be crucial for both your interview and your expertise. During interviews, questions about leet code are frequently asked. You should maintain work – life balance, also have good connections.
